RE: MB Docket No. 04-233

To Whom It May Concern:

I wish to comment on the LPFM issue on behalf of K-LOVE.

K-LOVE is a family-friendly station with programming appealing to a wide audience and, to the extent of my knowledge, garnering a wide listenership. I know many people throughout Centennial and the surrounding communities and am aware of many individuals who listen to this station in their cars as well as playing it at work. It presents a resource that would be difficult to replace with other programming.

If K-LOVE were to be replaced with other programming the result would be the disenfranchisement of numerous loyal listeners. It would also eliminate a family friendly listening option. Such options are already rare enough.

I believe K-LOVE serves the communities where it is broadcast and should be given every opportunity to expand their presence. The American public needs more family focused, positive, and encouraging resources. K-LOVE stands out as one of the best I have ever encountered.

Please keep K-LOVE playing in our area and in as many parts of our country as possible!

Sincerely,

Michael B. Kinder
